Dear Parents/Guardians:

This correspondence is a follow-up to my April 4th letter regarding bus stops. Traditionally, bus stops are provided during the summer for the upcoming school year. However, with the planned changes in routing, the Transportation Department wanted to make every effort to afford parents the opportunity to review the stops well in advance to the new school year.

Originally, we planned that tentative bus stops would be available for most students towards the end of May, with incoming kindergarten students receiving their stops at a later date. However, since we have been able to obtain nearly all of our incoming kindergarten registrations, we are working on providing all students with the information by the conclusion of this school year. Again, these are tentative bus stop assignments that are subject to change as we continue to refine routes.

Thank you for your cooperation in this matter.

Sincerely,

Loretta L. Radulic
